## Fathers of Children with Special Needs

Often fathers of children with special needs feel isolated from the experiences of other fathers. This can weigh heavy on dads when combined with the additional expenses, medical and school issues and stresses on a family that are often associated with having a child with special needs.

Therefore, a group of fathers of children with special needs have come together to form a group so that they can learn from and strengthen each other to be better fathers (and have some fun too!).

If you are the father of a child (of any age) with special needs, come to:
